Special Exemption Request

(For Parents who will pick up child shortly after 3:45 and before 4:00 PM.)

For good reasons parents may not always be able to pick up child by 3:45 but could do so within a few minutes, In this case parents may request a special exemption by signing this form. To assure the safety of the child/children, the "wait" place and pick-up place is the same designated area every day. If pick-up is after 4:00 there will be an Extended Day charge.

I am requested a pick-up between 3:45 and 4:00 for this reason
